\*\*\*\*\*

Port Blair, dt 23/1/2017

**Press Note**

The Directorate of shipping Services in order to facilitate transportation of cargo from Port Blair to Neil and Havelock Islands, operates its 75 passenger cum 50 Ton Cargo speed vessel and exclusive cargo vessel to the above sector on regular basis. However, it has been observed that the cargo utilisation in the above sector vessels always remain underutilised, unlike other sectors wherein the cargo space are utilised to maximum. The major factor for such underutilisation of cargo space in the above sector vessels is perhaps found to be the higher freight charges being levied for transportation of cargo, in compare to the other available mode of transportation to Neil and Havelock from Port Blair.

In view of above, the Andaman & Nicobar Administration on trial basis, has decided to bring down and revise the freight charges being levied on cargo transportation to Neil and Havelock Islands from Port Blair by the Directorate vessels. The above proposal is being envisaged to encourage more consigners for booking of cargo in the DSS vessels towards increasing the freight revenue. The new rates will be implemented with immediate effect for next 03 months and will be reviewed subsequently. The details of freight rate can also be downloaded from the website [www.andaman.gov.in](http://www.andaman.gov.in).
