Legal education has in the recent past witnessed unprecedented growth attributable to a large extent to the demand for Law course in India and abroad. The option to study Law is by choice rather than by chance, is the essence of this shift. The Centre of Legal Studies provides new choice of a career which not only empowers young minds to take up social causes but also the opportunities present in a globalized world.

Andaman Law College being the new born law college established by “Andaman and Nicobar Islands Legal Education Society” (ANILES) for the benefit of the islanders at Port Blair started its academic journey during the academic year 2016-2017 by offering five years integrated B.A.,LL.B., degree course. To accomplish the noble object of creating Andaman Law College a centre of excellence in legal studies, efforts are being taken at the formative stage itself.

With the very rich and diverse experience I have gained as the Director, School of Excellence in Law, The Tamil Nadu Dr. Ambedkar Law University, Chennai, the first Registrar of The Tamil Nadu National Law School, Tiruchirappalli and the Registrar i/c. of the Tamil Nadu Dr. Ambedkar Law University, Chennai, efforts are being taken to create the necessary academic environment with adequate infrastructural facilities in which the teaching-learning exercise would be effective and meaningful. Legal education today needs to develop in the students a sense of social responsibility to serve the society in the field of law by developing skills in regard to advocacy, legal services, etc.,

Swami Vivekananda rightly said, “The ideal of all education should be ....... man-making”. Education is not the amount of information that is put into one’s brain but it must be life-building, man-making and character building. These values need to be imbibed in the minds of the pupil, thereby making them more disciplined.

With the collective effort of efficient, committed and well trained team of principal and faculty members, Andaman Law College will leave no stone unturned in its endeavour to build the institution a real Centre of Excellence in Law and make it more visible in the map of legal education in India within few years. Our task is to provide the right platform and to guide students to windows of opportunities. Our aim is to make
legal education as justice education by preparing lawyers who are professionally competent, technically sound and socially relevant and will not only enter the Bar and the Bench but also be equipped to address the imperatives of the New Millennium and uphold the Constitutional values.

Welcome to Andaman Law College, Port Blair. Let your journey towards quenching your legal knowledge fructify shaping you into legal luminaries par excellence.

The Andaman and Nicobar Islands, considered as paradise on earth and well-known for its cosmopolitan culture, achieved Union Territory status in 1956. Since British regime, these islands remained backward in the educational sector. Though there was a slight improvement in elementary and secondary education in the late 1950s and 1960s, not much attention was paid to higher education. Jawaharlal Nehru Rajkeeya Mahavidyalaya (JNRM) came into being in 1967 the only premier institute of higher education in these Islands, but it was insufficient to cater the needs of hundreds and thousands of aspiring youths. JNRM was followed by the Tagore Government College of Education in 1981, Mahatma Gandhi Government College in 1990, and after a long gap, Dr. B. R. Ambedkar Institute of Technology in 2011, followed by Andaman College (ANCOL) in 2014 and Medical College in 2015.

In the absence of Andaman Law College in the A & N Islands, the aspirants for legal studies had to take up admission in Law College/University located in Tamil Nadu, Kerala, Andhra Pradesh, West Bengal and other territories in India. From among the students who clear their higher secondary courses, more than 10% of the students of A & N Islands aspire to take up legal education as their favourite course. However, substantial increase in the student number could not fulfil their dream, owing to their poor socio-economic condition. The long awaited dream of the islanders of A & N came true with the establishment of Andaman and Nicobar Islands Legal Education Society (ANILES) by the A & N Administration.

ANILES is a society registered under the Society Registration Act, 1860 and its Memorandum of Association of the Rules and Regulations of the ANILES have been approved by the Competent Authority. ANILES is a premier society formed with the primary objective to provide legal education, legal services and legal resource in A& N Islands. The ANILES is chaired by Hon’ble Lieutenant Governor of A & N Islands as President of the society and the Chief Secretary and Secretary (Law), A & N Administration are the Chairman and Vice-Chairman of the Executive Council of ANILES respectively. The real momentum for the foundation of this Law College started with the joining of our present Chief Secretary Shri. Anindo Mazumdar, IAS in March, 2016. Under his able guidance and supervision, the Andaman Law College was established and is marching forward catering the needs of Islanders in pursuing legal education in the A
& N Islands itself. For this, the role played by the former Secretary (Law) Shri. Sandip.
Jacques, IAS will remain exemplary evidence of good leadership for the students and
staff of this college. Their joint efforts also led to allotment of 02 hectare (05 acres) of
land to Andaman Law College and allocation of adequate fund initially for making the
expenditure relating to infrastructure etc.

The college at present is housed in Transport Bhawan owned by the Government
till a new campus is built with all the necessary modern facilities and infrastructure for
Andaman Law College. Sincere steps are being taken to prepare the blue print for the
Andaman Law College and lay foundation stone for the construction. In the meantime,
Andaman Law College has been affiliated with Pondicherry University for offering the five
year Integrated B.A., LL.B., course from academic year 2016-2017 with an intake of 30
students which strength is continued for the subsequent academic years also. The
proactive approach and commitment of the of A & N Administration and the collective
efforts of the officials, faculty members and the administrative staff, the Andaman Law
College will soon energise as a model Law College and become visible in the map of legal
education in India within a few years.

Library

Library is the ‘heart’ of any academic institution and plays an important role in all academic activities. The library has been planned keeping in view the aims and objectives of the Andaman Law College, and is being maintained by professionally qualified library staff. It has a collection of over 1825 books covering wide range general and special subjects comprising of text books, reference books, back volumes of journals, reports etc. apart from current legal periodicals. The library functions from 09:00 am till 05:00 pm on all working days of the week.
The library has an open access system to facilitate the students to have access to library resource. To assist the students in locating literature as well as information in the areas of research, an orientation programme is also organised for the freshers to help them acquaint themselves with the library system and for enabling maximum utilisation of the available resources. Efforts are being taken to introduce computerised facilities for both housekeeping as well as information retrievals. Keeping in mind the vision to create e-library, the Andaman Law College subscribed to many online databases which contain enormous resources available for both students and faculty. With the computerised library system, it is the aim of the library to establish a network of law libraries in India in collaboration with leading National Law Schools in India.

Our efforts in building and updating the collection will continue unabated. Every year the Administration is committed to add adequate titles to our collection to meet the demands from curricula.
